Karen Targrove and Christina Bohnsack absent with notice.

Review of minutes. Jan Borchert moves to accept, Connor Guy seconded.

Discussion of 9/21/22 Public Information Meeting
62 attendees plus committee members

Erica Tauzer explained that all comments from public meeting will be brought into our notes to DOS Report Section 4.

LWRP Projects list needs to be assigned predicted timeframes based on practical considerations of project duration and the processes needed to secure funding.

Based on maps from the September public meeting there were 25 discussion points to refine, including if and when a project would call for a use change in Land or Water Use, that could have zoning considerations.

Time frame categories include:

1. 1-3 years Includes projects within existing budget with community support

2. 3-5 years Requiring budget approvals

November 16 2022 LWRP CONT.

- 3. Longer Term Requiring possible land acquisition; permits and/or major applications
- 4. Ongoing Multiple Time Frames
- 5. Phased Including aspects of Short, Medium, and Long term

Fifteen of the 25 projects were discussed with these guidelines in mind. The remaining 10 will be covered in December 12th meeting.

Jen Crawford informed the group that a budget amendment was in place to keep the town's contribution to the project up to date.

Discussion was held on creating a trail extension at 9G/Palatine Park towards the Hudson River. Jen Crawford disclosed that she or a family member may be interested in donating land for this extension.

Jan Borchert moved to end the meeting at 8:35. Connor Guy seconded.
